# Creators of ambiance

CALEX CATALOGUE #27 - SEPTEMBER 2020

# Behind the brand

## OUR HISTORY

Electro Cirkel B.V. was founded in 1970 by the van Soelen brothers. At that time, the core business was to sell electrical products to ship chandlers, manufacturers and offshore. In 1987 Electro Cirkel merged with 'California Export' (Calex), a company specialized in navigation lamps for sea- and inland vessels. In the following years the product range expanded and production was transferred to the Far East.

In time, Rudolf and Angeniek van Soelen took over the family shares. Under their prestige the core business of Electro Cirkel has shifted into the retail market. Hereby building up Calex as a steady brand of light sources sold throughout Europe.

## UNIQUE RANGE OF PRODUCTS

Our main focus is on our own consumer brand, Calex. In the past years the range of products has been substantially extended with innovative and trendsetting LED lighting. Calex can provide the correct light source for every ambiance an individual or situation would require. We aim to stimulate and inspire our customers with our lighting collection.

## DECISIVE AND FLEXIBLE

Electro Cirkel works in close cooperation with several manufacturers in China. This ensures that we can predict and react swiftly to new trends.

In April 2016 Electro Cirkel opened a Purchase office in Zhejiang, China for assistance in sourcing, manufacturing and improving the quality of Calex consumer lighting. This office is powered by a team of 17 motivated men and women who have detailed knowledge of the local market. Electro Cirkel China has access to an extensive test center, where new products can be tested in fine detail.

## CALEX ON TOUR

Since 2008, Calex has been a leading exhibitor at many national and international fairs, including the largest European exhibition of its kind: Frankfurt's Light & Building Fair, which is held every other year in Frankfurt, Germany.

In 2017, for the first time, Calex was present at one of the largest consumer oriented home decoration fairs in Amsterdam, The Netherlands. Up until now, Calex has succeeded in bringing innovative originality to every fair.

## WAREHOUSE

With stocks located in two locations we can provide directly for both smaller and larger orders. The warehouse located in the headquarters fits up to 6.000 pallets. Our newest warehouse even has room for 7.500 pallets.

## WE LOVE THE WORLD WE LIVE IN

We cherish the environment and take issues of environmental pollution, waste and energy consumption very seriously. Therefore, we recycle both packing materials as well as electronic products at the end of their lifespan. By doing this, we contribute to preventing hazardous materials from spreading into the environment.

## DEVELOPMENTS

Electro Cirkel will implement the necessary requirements for better ecodesigns of non-household lamps. This process will effect the energy inefficient lamps, such as halogen lamps. Therefore, our goal is to achieve maximum energy efficiency by continually increasing our range of LED lamps and putting a smile on your face by saving you money on energy when you use any CALEX product.

## HOW TO REQUEST FOR QUOTATION AND HOW TO ORDER

If you need technical data of our products you are welcome to download the concerning datasheets from our website for free. Regarding requests for quotation, orders and inquiries you can contact us for an appointment.

# Calex Packaging Range

Over time Calex has created recognizable packaging for all products. We united designs, both old and new, for consistency on the retail shelves. Craft is replaced by paper board and all transparent PET packaging for bulbs have been replaced by recyclable paper board for a better environmental responsibility. Your shelves never looked better!

PAPER BOARD BOX WITH CUT OUT WINDOW AND FOAM  
**ALL DECORATIVE XXL SERIES**

Our XXL Decorative series all come in cardboard boxes with a cut out window matching the shape of the bulb inside. The foam inside fits the bulb perfectly and protects the glass from scratches and breakage as much as possible. The result is a sturdy, stylish and highly recognizable box for the complete XXL collection.

## PAPER BOARD BOX BOX REGULAR LIGHTING PORTFOLIO

The smaller decorative and regular packaging also have a consistent look throughout all series. When switching from PET to recyclable cardboard we managed to keep the design functional. Instead of a see through plastic, we added product images, together with the recognizable wave and color coding to help choose bulbs per purpose. A rich gold for the decorative series and a fresh silver for the functional bulbs. Each series has an own subtle color banner for a better segmentation.

## PAPERBOARD BOX SMART HOME SERIES

The packaging for the new smart series is made out of paperboard and has the same clean look as the decorative packaging. All neatly designed elements help toward explaining functionalities and compatibility.

## TRANSPARENT PET WITH PAPERBOARD INSERT CALEX CREATIONS SERIES

Our Creations packaging is a creative combination of printed carton and transparent material. It shows how the products can be used as well as features like size, shape and color. The design is simple, yet efficient and matches the look and feel of our craft packaging for the XXL & Giant decorative series.

## CARDBOARD BOX LUMINAIRES SERIES

From transparent pet material to cardboard material with a consistent look to match the decorative series. A few products have already been updated with the new elements and recognizable wave. The rest of this series will follow in due time.

## VISIT OUR CALEX EXPERIENCE CENTER IN ROTTERDAM!

Open from October 2<sup>nd</sup> 2020 till March 31 2021

2020 is a special year for everyone, as well as for us. Where we would start the year of our 50th anniversary on a grand scale at Frankfurt Light and Building, Covid-19 denied us the optimal opportunity to inform our retailers fully about our latest innovations and developments in the field of lighting.

That's why we wanted to create a place where all our lamps can be presented to their full potential, where the market can experience what light can do for you. Also an ideal place to invite our partners and where we can observe all applicable Covid-19 measures. A showroom where we want to give an all-encompassing presentation of our products with which we still try to compensate our customer visits, Light & Building, VTWonen, etc. in a year when so much is different.

Will we see you there?

## IN HONOR OF THE 50TH ANNIVERSARY OF ELECTRO CIRKEL, TWO SPECIAL EDITIONS WERE CREATED.

*These special editions are the masterpieces of glassblowing techniques  
and we are proud to present them this anniversary year!*

**RADA TITANIUM / BLACK IRON HOLDER**  
SET: 3 X RADA BULB, 3 X LAMPHOLDER

**BEAUFORT TITANIUM**  
220-240V, 5W, E27

*Style your Rada's just the way you want by combining the three sizes  
with different heights and matching table lamps.*

*The Beaufort is truly one of a kind. It's what needed to be made when  
having Marine roots and an innovative sourcing and design team.*

**CORD SET**

E27, MAX. 60W

Ceiling rose

Ø: 120 mm

These cord sets are designed for E27 bulbs with a thick neck and longer fitting. Because the lamp holder is larger than most, with two adjustable rings, the neck and fitting always fit neatly into this cord set. Available in bronze and black.

Article number	Energy class	Cap base	Description	Body color	Cord color	EAN 13 code	Quantity inner / outer
965254	Suited for all classes	E27	Single pendant - 1x2 metres	Antique bronze	Bronze (fabric)	8712879135357	5 / 15

**MULTI CORD SET**  
E27, MAX 300W

Ceiling plate  
L: 700 mm x W: 120

This long multi cord set is made for people looking for a ready-made solution for the ceiling that can accommodate multiple lamps. In this model three lamps with E27 fitting can be screwed in. The lamp holder has two adjustable rings so that all lamps, even with a thick neck and long fitting, always fit neatly into the lamp holder. This plate is only available in black.

439632	-	E14	2000K	5	3	Clear	No	100	8712879726104	5 / 100

Ø: 35 mm / H:100 mm

**DECORATIVE FILAMENT TIP CANDLE BULB**

220-240V, 3W, BXS35, E14

Article number	Energy class	Cap base	Color temperature	Lumen output	Wattage	Finish	Dimmable	CRI	EAN 13 code	Quantity inner / outer
439636	-	E14	2000K	5	3	Clear	No	100	8712879726166	5 / 100

Ø: 35 mm / H:126 mm

**300° OVEN PILOT BULB**

220-240V, 15W, T22, E14

Article number	Energy class	Cap base	Color temperature	Lumen output	Wattage	Light source	Dimmable	CRI	EAN 13 code	Quantity inner / outer
432110	E	E14	2200	70	15	Incandescent	Yes	100	8712879967842	10 / 100

Ø: 25 mm / H:55 mm

**300° OVEN PILOT BULB**

220-240V, 25W, T25, E14

Article number	Energy class	Cap base	Color temperature	Lumen output	Wattage	Light source	Dimmable	CRI	EAN 13 code	Quantity inner / outer
432112	E	E14	2200	215	25	Incandescent	Yes	100	8712879126041	10 / 100

Ø: 25 mm / H:55 mm

**300° OVEN STANDARD BULB**

220-240V, 60W, A60, E27

Article number	Energy class	Cap base	Color temperature	Lumen output	Wattage	Light source	Dimmable	CRI	EAN 13 code	Quantity inner / outer
432148	E	E27	2700	530	60	Incandescent	Yes	100	8712879967903	10 / 100

Ø: 60 mm / H:108 mm

OUTDOOR | PARTY

This series contains useful light sources for outdoor use. Whether to light up a party or adjust outside light to the natural sunrise and sundown, this series has you covered!

**PARTY STRING WITH SPHERICAL LED BULBS**

220-240V, 10 X 1W, P45, E27

Ø: 45 mm  
H: 73 mm

Article number	Energy class	Cap Base	Color temperature	Lumen output	Wattage	Light source	Dimmable	CRI	EAN 13 code	Quantity inner / outer
473450	-	E27	Multi Color	-	10	SMD	No	-	8712879115199	1 / 4

**COLOURED SPHERICAL LED BULB**

220-240V, 1W, P45, E27

Ø: 45 mm  
H: 73 mm

Article number	Energy class	Cap Base	Color temperature	Lumen output	Wattage	Light source	Dimmable	CRI	EAN 13 code	Quantity inner / outer
473398	-	E27	2700	12	1	SMD	No	>80	8712879131625	10 / 100
